

## Tiger Ramesh to head CSS Corp

---

[www.indiatechonline.com](http://www.indiatechonline.com) | June 27 2011

**T.G. (Tiger) Ramesh is to be the new global CEO of San Jose, California (US) headquartered information and communications technology company CSS Corp.**

Tiger co-founded India's first remote IT infrastructure management company 'Bangalore Labs', and subsequently Quintant Services, India's first integrated Technology and Operations business service provider (It was acquired and integrated with iGate Solutions (now, iGate-Patni) where Tiger built the BPO and BSP businesses).

Prior to this, Tiger was the Country Manager for Nortel Networks for India and the SAARC region. Tiger is credited with structuring large and complex deals for his customers involving international roll out of services in the BFSI,

Telecommunications and Technology space. Tiger succeeds Nick Sharma, the preceding CEO, who will be moving on to pursue his interests outside CSS Corp.

CSS Corp has delivery centres around the World including Chennai, Bangalore, Pune and Coimbatore in India, Utah, Boston in the USA, Manila in Philippines, Poland & Mauritius. Employing more than 5000 people globally, CSS Corp is engaged in application development, testing and optimization through to enterprise-level cloud enablement and round the clock technical support services.
