

GLOBAL ANALYST RECOGNITION

“ CSS Corp has quietly emerged as a strong service partner to enable the digital transformation of network services and customer experience, enabling both optimization and new revenue potential. ”
 – Elena Christopher, HFS Research

“ CSS Corp also has strong IT, business process and security capabilities that help clients address key security issues when outsourcing their services. ”
 – TJ Singh, Gartner

“ CSS Corp’s capabilities to integrate analytics and automation in context-driven support helps the effective activation of digital channels and the delivery of personalization. ”
 – Ivan Kotzev, NelsonHall

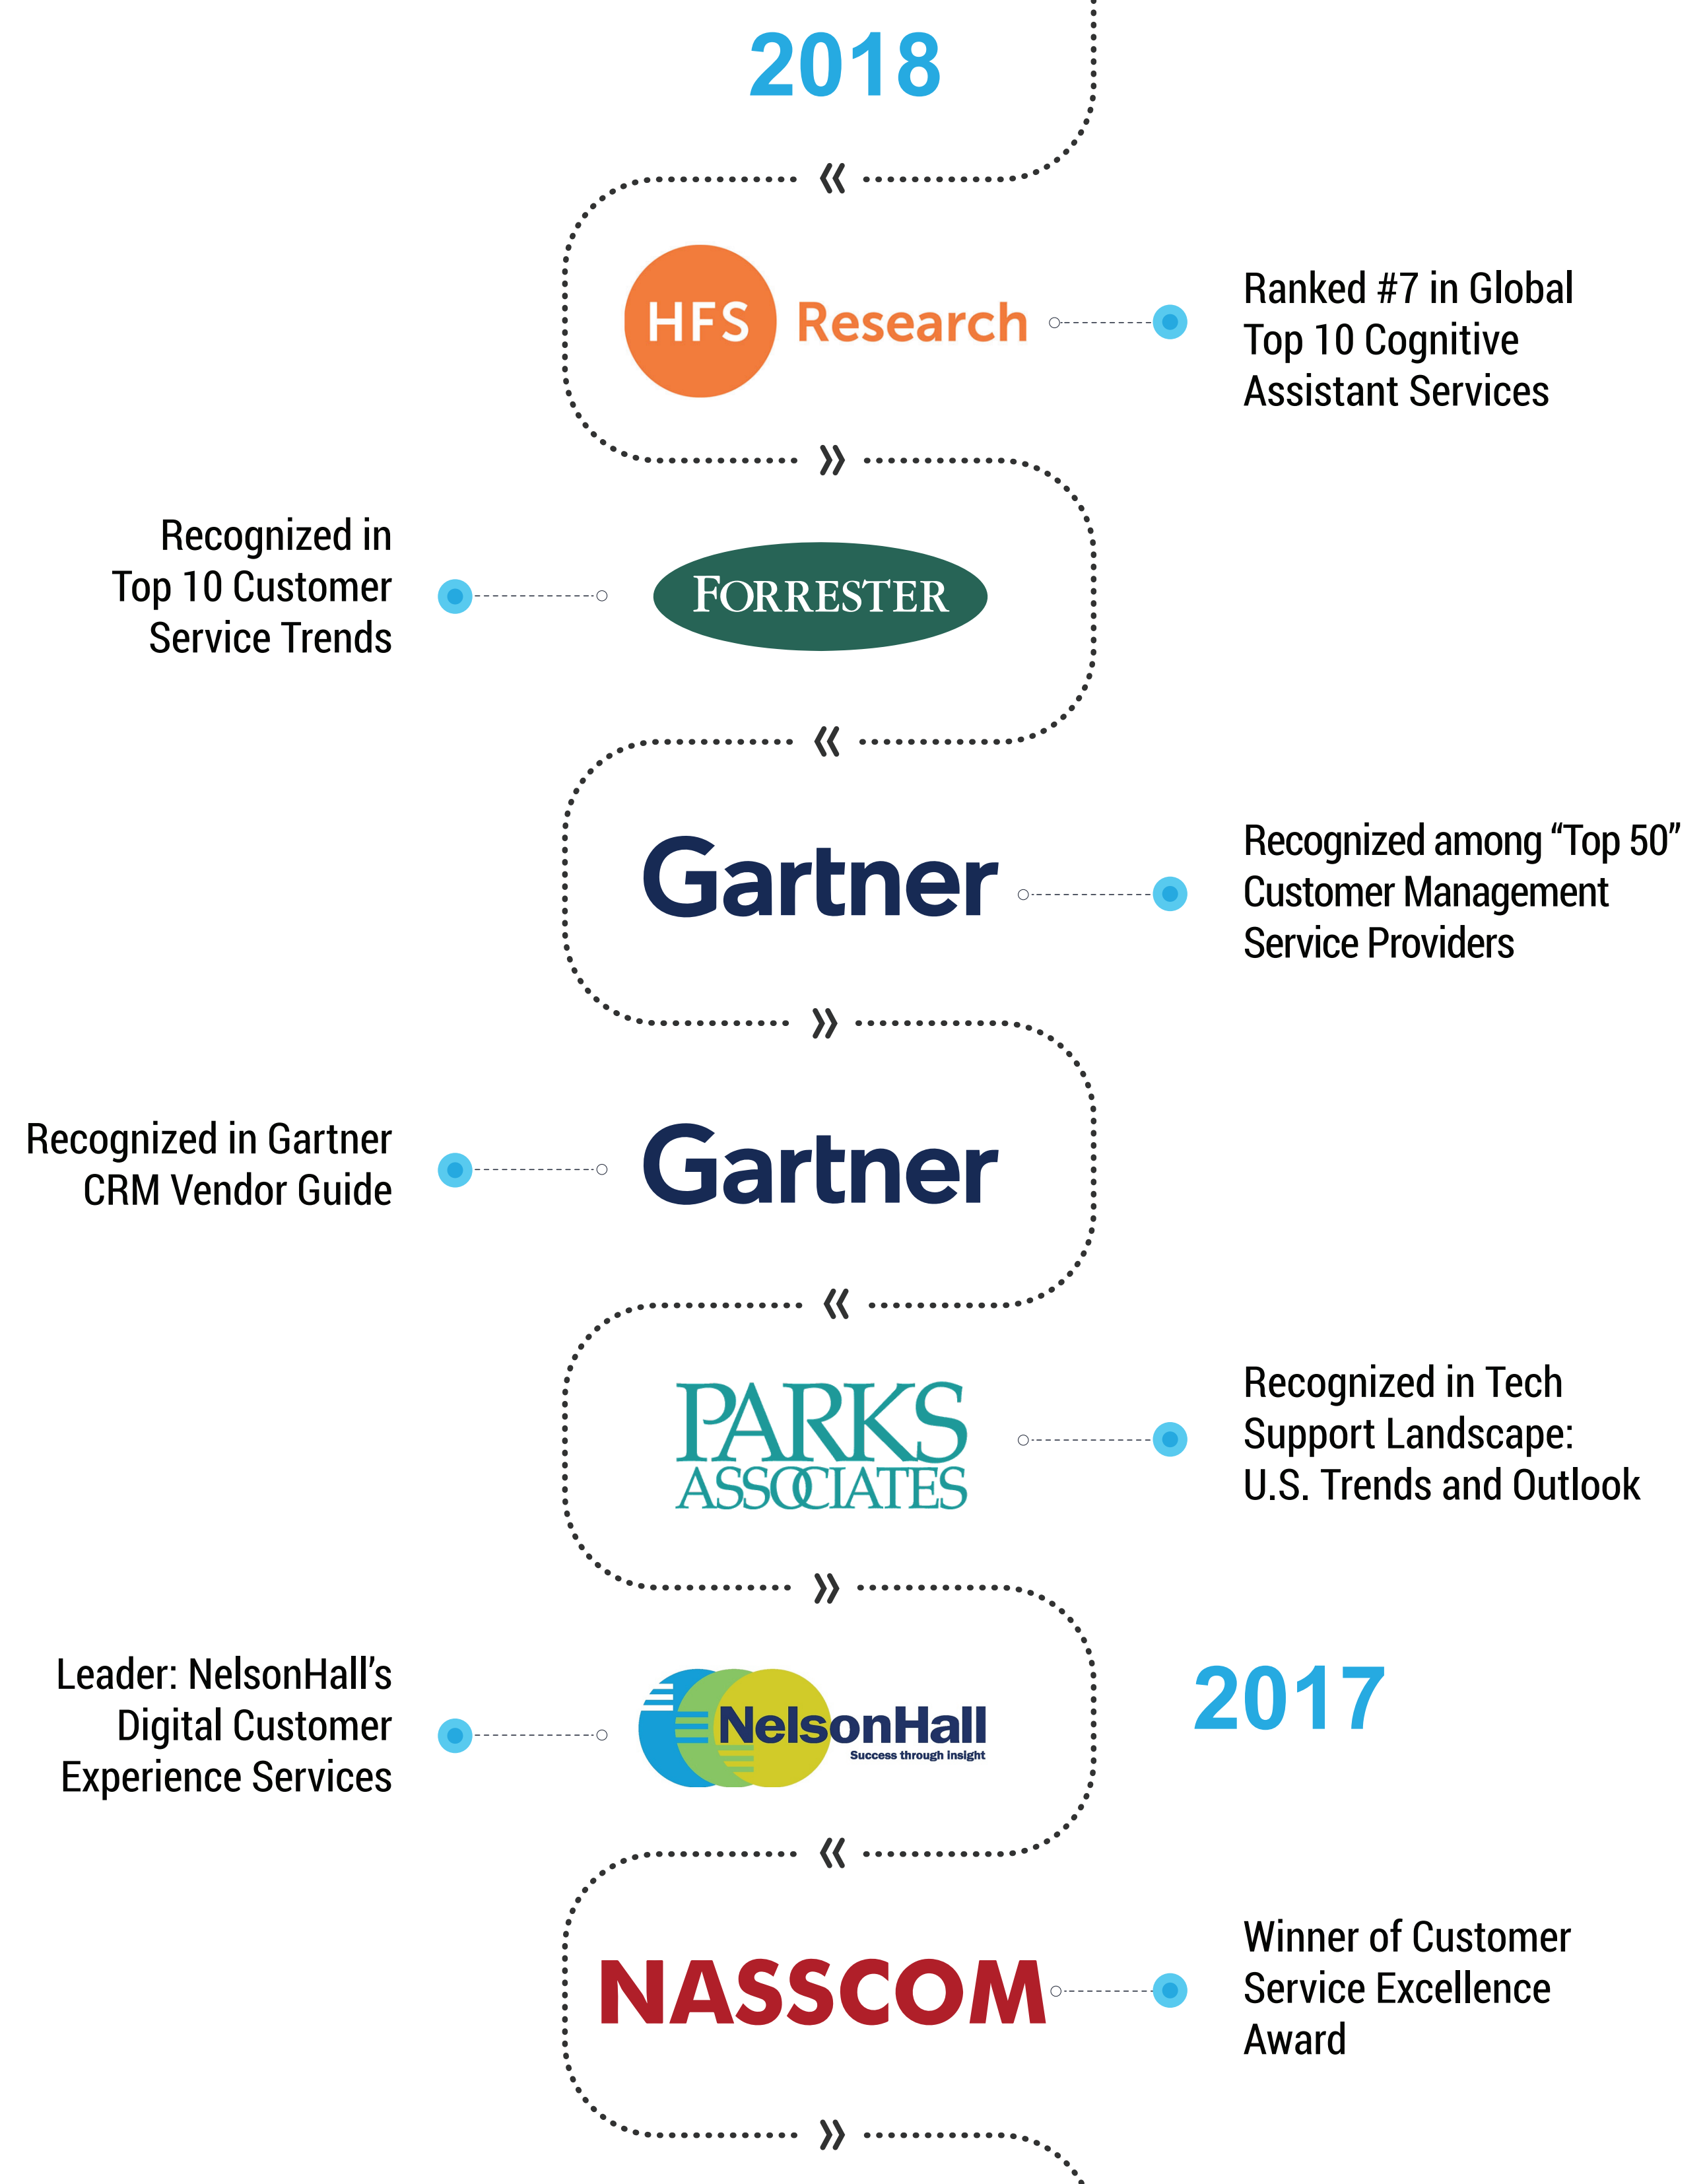

“ One service provider with a unique focus is CSS Corp, which has doubled down on its “Yodaa” cognitive assistant capability. ”
 – Melissa O’Brien, HFS Research

“ CSS Corp is attempting to transform cloud migration from a project opportunity to continuous delivery with automated/assisted migration. ”
 – Bill Martorelli, Forrester

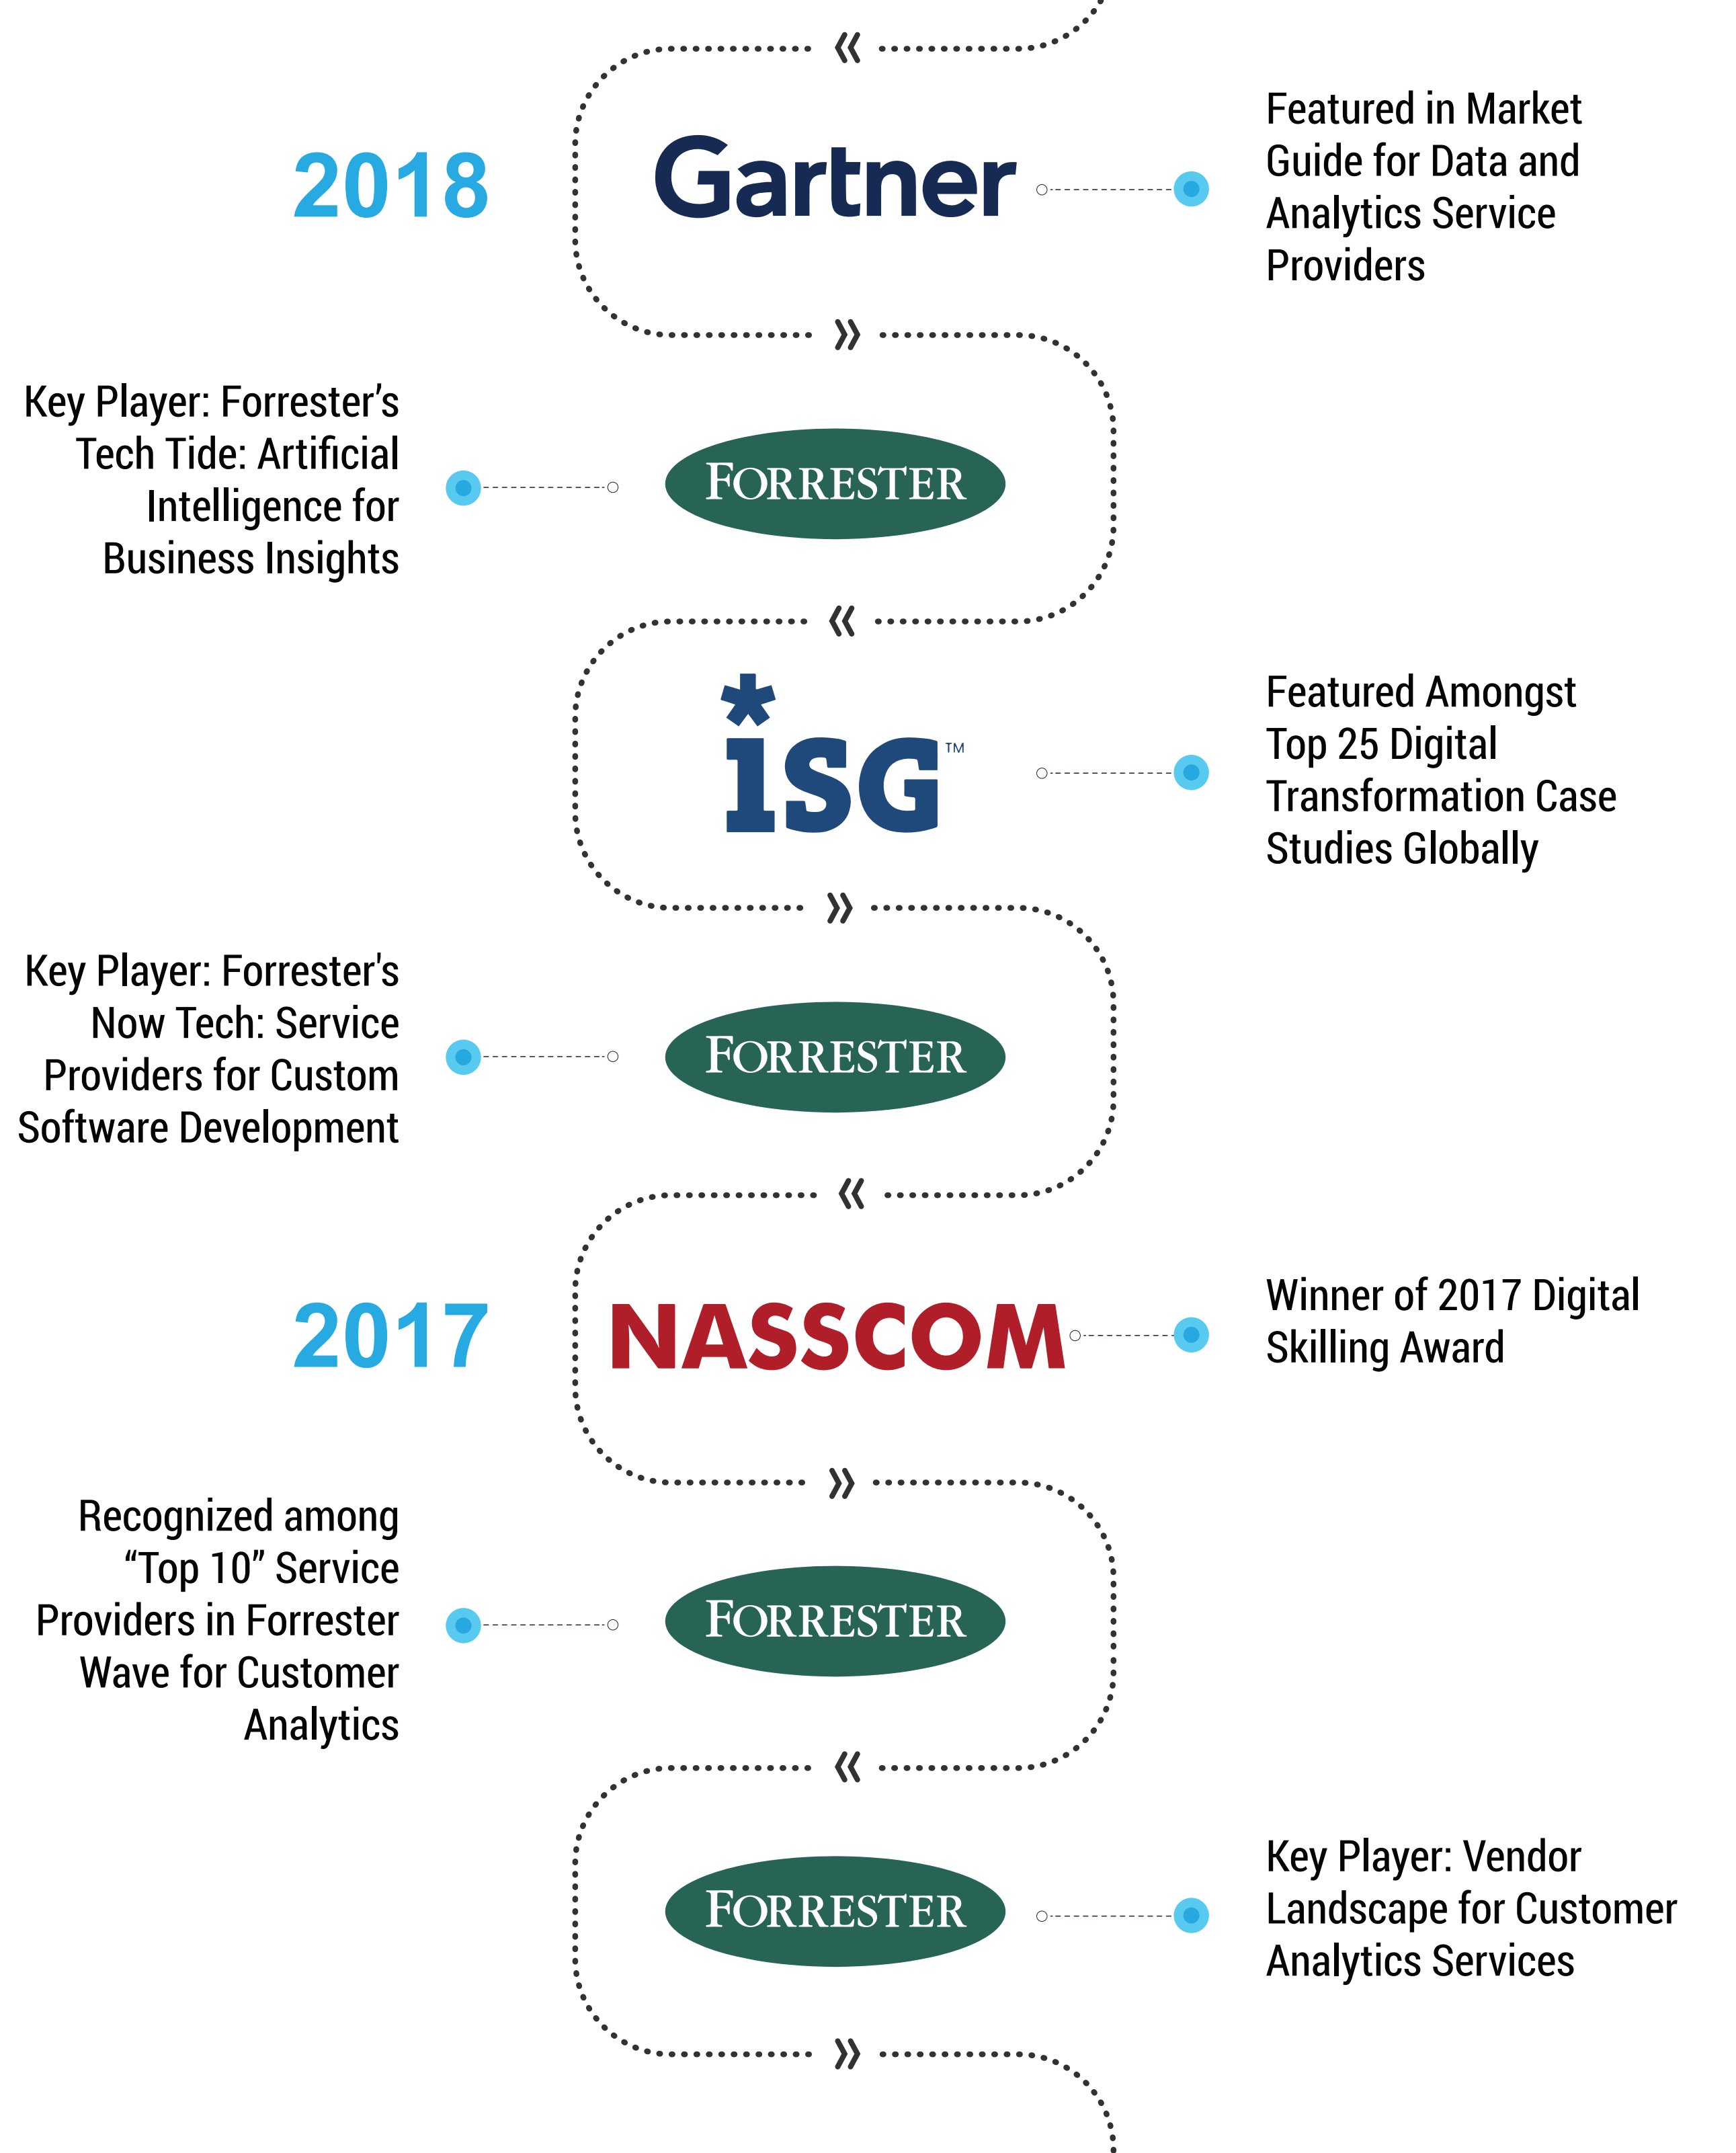

“ A central aspect of the company’s focus is not trying to be everything to everyone. ”
 – Patrice Samuels, Parks Associates

“ Contelli is a mature offering today, CSS Corp has significant plans to improve and upgrade the product’s machine learning capabilities in the company’s Innovation Labs. ”
 – David Mayer, NelsonHall
